AAAs discussion

2008-11-23 14:22:00

By Eugene Raikhel

Have any particularly strong impressions or reactions to the AAAs this year? Did any of the panels you attended stand out — particularly medical anthro-related sessions? Did anyone attend the meeting of the [Science, Technology, and Medicine](#) interest group of the SMA? Any other interesting news on anthropology of medicine or science from the conference?

Feel free to comment and discuss.
