## Bibliography on Psychoanalysis

2008-10-29 13:02:00

By Eugene Raikhel

Daniel Goldberg just posted a very useful resource at the Medical Humanities Blog: a [bibliography on Freudian psychology](#) put together by Patrick O'Donnell. The list seems up-to-date (although I'm no Freud scholar, so I wouldn't really know) and includes a section on historical and sociological readings on psychoanalysis. You can download the bibliography from Daniel's blog.

Update (5/21/2014): The bibliography is now available on Patrick O'Donnell's Academia.edu page here:
