Announcements: Social and Political Science Pre-Conference, Washington DC 19-20 July

2012-05-16 15:15:40

By Morgan Philbin

CONFERENCE ANNOUNCEMENT:

**Social and Political Science Pre-Conference:
Ensuring a Supportive Environment for an Effective Long-Term HIV
Response: Social and Political Challenges**
19th – 20th July, Washington DC, US

The objectives of the [Social and Political Science Pre-conference](#) include:

- To review research on the relationship between HIV programmes and other global health and development programmes;
- To review research on the politics of changing global architecture and challenges posed on HIV responses in the next decade;
- To review research on structural and social drivers of HIV epidemics and strategies focused on them;
- To identify a research agenda for the social and political sciences and foster interdisciplinary and multi-stakeholder partnerships to fund and implement such agenda.
