Book Forum--Jeanne Favret-Saada's *The Anti-Witch*

2016-05-20 05:00:38

By Eugene Raikhel

In *The Anti-Witch*, Jeanne Favret-Saada revisits fieldwork she first described in her classic *Deadly Words: Witchcraft in the Bocage* in a more reflective mode and conceptually ambitious mode. Made available as [an open-access monograph by HAU Books](#), this translation introduces English-language readers to Favret-Saada's encounters with the

“dewitcher” Madame Flora and outlines the foundations for an anthropology of therapy. We hope you enjoy these commentaries on *The Anti-Witch*.
